11 2015 Beginner's 12 Winemaking Class

Learn to make red wine from quality grapes.

In cooperation with Larry's Brewing Supply, The Boeing Employees Wine and Beer Makers Club, (BEWBC) is once again offering an introductory class on the processes for making quality red wine.

This is a two day class focused specifically on red wine making from grapes. The class meets 9:30 am to 3:00 pm, **Aug 29th and Sept 12th**. There is also a post-fermentation follow-up class one month later in which we assess your wines. Date to be determined.

Students have the opportunity to purchase quality WA grapes and proceed through the winemaking process in parallel with others in the class. The instructor will personally take you through the crushing and fermentation process and help you with post fermentation and pre-bottling decisions.

Admission for the class is \$35 person. Cost of grapes is not included in the class tuition. Space is limited so act promptly to reserve your spot.

For more information or to register for the class contact Steve Foisie smfoisie@gmail.com

Participants must be 21 years of age or older. Alumni are welcome to audit the class.
